

2015 Food from the Bar Food & Funds Challenge Overview June 22 – July 17

The Association for Women Attorneys is hosting the 4th Annual New Orleans Food from the Bar Campaign. This campaign is part of a food drive by legal communities across the country, in which participants raise funds for and donate food to local food banks. Food from the Bar helps Second Harvest replenish food bank supplies in anticipation of higher demand during summer months when demand is high and inventory is low.

How it works:

We challenge your firm to participate in a competitive food and fundraising drive intended to inspire a little healthy competition between our law firms and help raise critical support for the campaign. During the drive, your firm will be awarded points for firm sponsorships, individual attorney & staff financial donations and food donations to Second Harvest Food Bank. The firms with the highest score overall and per capita at the end of the drive will each win a snoball party at their office!

Scoring:

\$1 donated = 1 point
5 pounds of food donated = 1 point

We encourage you to participate in this important program. Too many children & families in our area are missing critical nutrition during the summer and beyond and Food from the Bar can help fill that need.

To sign up your firm as a participant, please contact:
